Vacancy ID: 222/2021

Closing date: 3 August 2021

**FRIEDRICH-SCHILLER-
UNIVERSITÄT
JENA**

Friedrich Schiller University is a traditional university with a strong research profile rooted in the heart of Germany. As a university covering all disciplines, it offers a wide range of subjects. Its research is focused on the areas Light—Life—Liberty. It is closely networked with non-research institutions, research companies and renowned cultural institutions. With around 18,000 students and more than 8,600 employees, the university plays a major role in shaping Jena's character as a cosmopolitan and future-oriented city.

The Institute of Biochemistry and Biophysics seeks to fill the position of a

Doctoral researcher in immunobiology (m/f/d)

commencing on 15 September 2021 or at the earliest possible date

to work on the role of B cells in Candida albicans infections in a joint project of the department of Cell Biology at the Institute of Biochemistry and Biophysics and the research group Microbial Immunology at the Hans Knöll Institute Jena.

Your responsibilities:

- Develop, coordinate, manage and publish research projects within the field of B cell immunology of Candida albicans infections
- Support faculty teaching in the area of Cell Biology
- Work on an own scientific qualification project: your doctorate

Your profile

- Master's degree in the area of biology, biochemistry or other life sciences
- Knowledge in the areas of immune and infection biology
- Readiness to work in animal models

We offer:

- Excellent equipment and infrastructure
- Flexible working hours (flexitime and, if applicable, teleworking)
- A Graduate Academy for doctoral candidates and postdocs;
- Remuneration based on the provisions of the Collective Agreement for the Public Sector of the Federal States (TV-L) at salary scale 13
-

The advertised position is initially limited to a maximum of 3 year(s) with the possibility of extension. This is a part-time position with 65% of the working hours of a full-time employee (26 hours per week). Candidates with severe disabilities will be given preference in the case of equal qualifications and suitability.

Are you eager to work for us? Applications are exclusively accepted via the JSMC Online Application Portal: <https://apply.jsmc.uni-jena.de/> by 03.08.2021
